THE AVENTARIO QUARTERLY

FEATURE • COST & VALUE OPTIMIZATION

We don't sell hours.

We sell outcomes that land in your P&L.

For twenty-five years

Aventario has helped enterprises across IT and supply chain master complexity in service-cost optimisation, sourcing and transformation. Our engagements are outcome-based

and fixed-price: we own the result, from strategy through to a working operating model on the floor. Six core services, three embedded enablers, one delivery system. Vienna-headquartered, working globally.
